

Folks, here is the first draft of the list of tools for sale in the auction which is to be held on Thursday 12th December. I am sure there will be more to add to the list soon so I will reissue it as we go along. I will fill in more details on the items if I can otherwise you will get to see the stuff on the night before the auction. If you have anything you would like to add please let me know soonest. Auction fee is 5% to go to charity.

Note that I am not familiar with either the Marples tools or the NOOITGEDAGT tools, the latter are made in Holland of Swedish steel. The marples tools may be carbon steel?
